17. One standard bottle of dry mead in a clear wine bottle.
18. One standard bottle of sweet mead in a clear wine bottle.

Open Classes for TBKA, AHS members and Invited Associations

19. Honey Madeira Cake

6oz/175g butter; 4oz/100g set honey; 3oz/75g caster sugar; grated rind of 1 lemon; 3 eggs, lightly beaten; 9oz/250g self-raising flour.

Glaze: 1 tblsp clear honey; 2 tblsp chopped,blanched almonds, toasted

Cream the butter with the honey and sugar until soft, pale and light. Mix in the lemon rind and gradually beat in the eggs, adding a little of the flour as you do so to prevent the mixture curdling.

Sift the flour over the mixture and fold it in gently. Transfer the cake mixture to a greased and base-lined 1kg/2lb loaf tin. Bake in a moderate oven (160C/325F/Gas 3) for about 1 hour and 10 to 15 minutes. When the cake is cooked, a metal skewer inserted into the middle should come out clean of mixture.

Cool the cake on a wire rack. To glaze the cake warm the clear honey in a small saucepan and brush it over the cooled cake. Sprinkle with the toasted almond and leave to cool.

20. Honey Fruit Cake.

200g/7oz self-raising flour; 100g/4oz butter; 3 eggs; 4 tblsp honey; 100g/4oz sugar; 175g/6oz mixed dried fruit; 1 tsp cinnamon

Sieve flour, sugar and cinnamon into a mixing bowl and rub in the butter until the mixture resembles fine bread crumbs.

Stir in the honey and well beaten eggs and finally the mixed dried fruit.

Bake mixture in a 18cm/7" round cake tin at 325°/gas mark 3 for about 1½ hours.
